67 (GREATEST HITS) In just 18 months we have grown the economy at a record rate and unemployment is at a 20-year low. We passed the biggest tax cut and reform in history. We're appointing conservatives like Neil Gorsuch to the Supreme Court. The economy grew at an incredible 4.1% rate last quarter, unemployment is at a 20-year low, and we created 40,000 new manufacturing jobs in July alone. 72 (WORK TOGETHER) The political leaders in this country have created too much division and polarization. It is gridlocking our country so nothing gets done for the middle class. They are dividing the country and handing the government over to their wealthy donors and corporations at the expense of working people and the middle class. The Republicans' tax scam for the rich recklessly drives up the deficit to justify their cuts to Social Security & Medicare and even less investment in education, infrastructure and health care. 74 (ROE V WADE) Our leaders in Congress are creating an extreme conservative majority on the Supreme Court that will overturn Roe v. Wade, the decision that governed abortion for the last 40 years. This would be an historic mistake that could make abortion illegal in some states, invade women's right to privacy and prevent women making their own reproductive choices.	10	16	24	50	**26**	**74**
