Q.108 Now you will read some things Democrats are saying about Donald Trump and Republicans. Please pick the THREE that raise the most doubts in your mind about Republicans and their policies.

	Total	Presidential BG	Congressional BG	Senate BG	Base	Double Haters
(SOCIAL SECURITY) They've enacted cuts to Social Security, hindering services for seniors and the disabled. The new Speaker backs raising the retirement age, exacerbating senior poverty. Trump's recent remarks hint at more cuts, citing 'theft' and 'bad management' in entitlements.....	39	40	35	38	39	44
(HELP FAMILIES MEDCTC) Every Republican in Congress voted against the law to reduce the price of insulin and allow Medicare to negotiate lower prices. They also voted						

against the increased and expanded Child Tax Credit that gave monthly checks to working families with kids.....	35	34	41	34	35	33
(GUNS) Despite the weekly massacre of kids, they oppose even the small changes to gun laws. Trump said, we should just "get over it." They blocked raising the age to buy assault weapons from 18 to 21 years.	35	36	35	34	40	35
(CORP TAX) Trump promises to make even bigger his trillion dollar tax cut for big corporations. And every Republican voted against the biggest corporations paying even a minimum tax of 15 percent and voted against increasing IRS enforcement to ensure billionaires pay tax too.....	31	32	33	30	33	33
(PUBLIC EDUCATION) They want to cut funding for public education by cutting Title I grants by 80 percent, cutting the Education Department's budget by 30 percent, and are calling to shut down the Department of Education altogether.	30	29	29	29	34	27
(ABORTION) The Republican leader of the House is a religious conservative who wants to make abortion illegal nationally.....	28	27	34	30	30	24
(SPEAKER LGBTQ) His Evangelical faith leads the new Republican Speaker to view homosexuality as "inherently unnatural", comparing it to bestiality, and believed the Supreme Court was wrong to legalize gay marriage. They are barring states and companies from even considering diversity, equity and inclusion.	28	29	27	27	32	30

(INFLATION) Due to Biden's socialist spending, American families are being decimated by the worst inflation in half a century. Since Biden took office, prices have risen 18 percent. Democrats passed trillions of dollars in new spending which is increasing inflation and crushing taxpayers and small businesses.....	39	39	35	39	40	44
(CRIME) Our cities are overrun with homelessness, drug addicts, and released violent criminals, as President Biden's America is plagued by bloodshed, chaos, and violent crime, with law enforcement weaponized against law-abiding conservatives.	36	34	41	36	38	33
(ENERGY) We have surrendered our energy independence. Democrats are waging war on American energy. With high prices at the pump, Biden continues to hurt working families struggling to pay for gas by signing legislation that raises taxes on domestic energy producers.....	29	31	27	29	31	30
(IRS) Biden is going to hire and arm 87,000 Internal Revenue Service agents to create an IRS super-police force to target everyday Americans at a cost of nearly \$80 billion.	28	28	29	26	29	33
(PARENTS) Democrats trust school boards and don't trust parents on what to teach in schools, reducing parents' rights. Students are being bombarded with woke propaganda about gender, gender ideology, and Critical Race Theory.	27	27	25	29	31	30
(ABORTION) The Democratic Party's support for taxpayer-funded abortions and unrestricted access to abortion up until birth is extreme and disregards the sanctity of human life, betraying the values of millions of Americans.	27	25	26	27	28	27
(LEFTIST) They support Biden's leftist wish list that will spend trillions of taxpayer dollars to forgive student debt, implement a radical Green New Deal, grant amnesty for illegal immigrants, and raise taxes on every family....	24	27	25	22	23	25

You can take the five worst Presidents in American History and put them together and they would not have done the damage that Joe Biden has done to our nation in just a few short years. Thanks to Joe Biden's socialist spending calamity, American families are being decimated by the worst inflation in half a century. Real wages have been falling 24 months in a row. In other words, under Biden workers have gotten a pay cut each and every month for two straight years. I will take us back to the strong economy we had when I was President.

Under my leadership, we had the most secure border in history by far. We've never had a border like this. Under Biden, the southern border has been abolished and millions of illegal aliens have been released into our communities. This is a Joe Biden invasion, allowing millions of people to come in, including criminals and terrorists. It's migrant crime, destroying our country. Last year, almost half of all ICE arrests were criminal aliens, committing thousands of crimes, including murders that devastate families. I will finish the wall and end this flood of foreigners to all our cities.

First, I will immediately reissue my 2020 executive order restoring the President's authority to remove rogue bureaucrats, and I will wield that power very aggressively. The departments and agencies that have been weaponized will be completely overhauled so that faceless bureaucrats will never again be able to target and persecute conservatives, Christians, or the left's political enemies. My plan is to dismantle the deep state and reclaim our democracy from Washington corruption once and for all.

When I am elected, I will stand up to crazy Nancy Pelosi, who opposes building a wall at our border. We will immediately stop all thefts. I had the safest border in the history of our country. Now, we have the worst border in the history of our world. Among the lives lost was Laken Riley, a nursing student at the top of her class. She went on a morning jog, and never returned home. Joe Biden's policy releases illegal alien criminals, like Laken's murderer. Biden shows no remorse. Laken's killer was an illegal migrant, a consequence of Biden's policies. That would have never happened under Trump policy. We are going to fix it with the largest deportation in history.

In three years, our economy rebounded, adding 15 million jobs, hitting a 50-year low in unemployment, and seeing 16 million new small businesses. Growth is inclusive, narrowing the racial wealth gap with historic jobs and business expansion for minorities. With 800,000 new manufacturing jobs, improved health coverage, rising wages, and reduced inflation from 9 percent to 3 percent, consumer confidence is high. Initiatives like the Chips and Science Act drove significant investments, creating high-paying jobs.

I went to Israel after October 7th. I called out Hamas' massacre. I sent two aircraft carriers, and I said, I have your back, but also abide by international law. Netanyahu leads an extremist government that has gone out of control and killed thousands of innocent Palestinians. He has encouraged settler attacks on Palestinians, and we "sanctioned" their leaders. I said the humanitarian assistance cannot be a "bargaining chip." Netanyahu has publicly rejected every US warning, and we allowed a UN "ceasefire resolution to pass." Israel canceled a trip to Washington. We believe the only way forward is a Palestinian state and two-state solution.

The Inflation Reduction Act is cutting costs for working families like yours. Cutting the price of insulin to \$35 a month for seniors. Cutting the cost of prescriptions by making Medicare negotiate lower drug prices. And cutting back on our dependence on foreign oil by investing in American clean energy instead. So we can cut more ribbons on factories and manufacturing floors and cut more good-paying checks for American workers. More workers are demanding a greater share of the profits and seat at the table. From Hollywood writers to American autoworkers, working people have more power than ever to join together through their unions to get heard. They've won historic wage increases and their voice is shaping their industries. They showed courage to go on strike, and President Biden was the first President in history to join them on a strike line. His policies have given workers more power and historic contracts and the chance to win rising wages. President Biden's economic agenda is starting to make a difference for all of us.

For too long, big oil companies have bought off politicians so they can get away with ripping us off. That's changing, now. Joe Biden passed a plan to jumpstart clean energy production in America. The big banks and big corporations are making super profits and have too much power. I issued executive orders that limited big monopolies and sued Apple to reduce their power and prices. I passed a minimum tax that big corporations must pay and proposed billionaires pay a minimum 25 percent. And it's enforced regulations on worker pay and forced companies to have fair union elections. I worked to get inflation down. I broke the supply-chain bottlenecks, put gas from the reserve to reduce prices and helped people with reduced health care premiums and expanded monthly Child Tax Credit. Inflation was going way down, and we were doing our part. But then, the big monopolies reaped super profits, did big stock buy backs and raised prices. They didn't cut prices or raise salaries. That is why we just sued Apple to get prices down.

As President, I've tackled crucial issues for Americans, leading us through the COVID crisis, strengthening the economy, capping insulin prices for seniors, passing major infrastructure and climate change laws, and advocating for women's rights. I've supported the toughest possible bi-partisan law to secure the border, along with dreamers getting a path to citizenship. We need safer communities with many more police. And I've made preserving the future of democracy central, fighting against extremist threats to our values and urging all Americans to protect women's rights and voting rights. I know high prices are killing people, and the hardworking middle class hasn't seen a pay raise in years. We helped with lowering drug costs and expanded the monthly Child Tax Credit. But billionaires and big corporations still have too much power. The big monopolies are profiteering and raising prices. Trump and the Republicans promise trillion-dollar tax cuts for big corporations, oppose helping working families, plan to cut Social Security and ban legal abortions. We tax billionaires to pay for expanded childcare and Child Tax. We need 100,000 more police and to give the president power to close the border. The middle class needs to be able to dream again.
