Q.100 (SPLIT C) Now you will see some things that leaders of the Democrats and Republicans are saying about the country. Which one do you find yourself agreeing with more?

(POLICE/CRIME) Democrats say the rise in crime is unacceptable and people need to live in safe communities. That starts with having more police who are respected. It is a tough job, and we should fund, not defund the police. At the same time, our plan includes urgent reforms, including better training and accountability to prevent excessive use of force and racial profiling that singles out Blacks or Latinos. Those very communities want us to get behind law enforcement and fighting violent crime as a top priority with all the resources at our disposal.

OR

(CRIME/DEFUND) Republicans say Joe Biden and Democrats' soft-on-crime policies have destroyed American cities, emboldened criminals, and put Americans in harm's way. Democrats' attacks on the 2nd Amendment will not combat the crime wave they created. Violent crime has spiked across the country, with fourteen major Democrat-run cities setting all-time high homicide records.

Democrats' attacks on the 2nd Amendment will not combat the crime wave they created. Violent crime has spiked across the country, with fourteen major Democrat-run cities setting all-time high homicide records. Joe Biden promised inflation would be temporary and that we wouldn't have to worry about it. Months later, it's worse; he claims his agenda won't add to inflation, but Americans know better. The Democrats' out of control spending and bad decisions caused this inflation and there is no end in sight. Working class families see prices rising at the pumps, grocery stores, and all around. The Democrats only see fellow liberal elites who don't know what it's like to pay \$5 a gallon. Republicans will stop the out-of-control government spending that drives inflation here. They will cut gas taxes. And they will allow our energy companies to produce American oil and drive down prices.

Corporate profits are at a 70-year high, yet corporations are raising their prices.

They are not raising their prices because of the increasing costs. They're using the cover of inflation to increase their profits. They're doing so because they face little competition.

Most American workers haven't seen a real wage increase in 40 years. Income and wealth are being distributed up to CEOs and shareholders, while working people are living paycheck to paycheck. And the CEOs are now paying a lower tax rate than working people.

Republican leaders in the Congress won't stop price gouging and letting working people pay higher taxes. Democrats say enough. They are cutting taxes for working people and raising them on big corporations and billionaires. And they are fighting against unlimited secret campaign funds.

Democrats have brought home climate change legislation, reducing emissions by 40 percent in just the next eight years. If you're a senior on Medicare you're going to have a cap of now \$2,000 in your out-of-pocket prescription drug costs. And lower prescription drug costs, finally, because we're taking on the big drug companies. It means better health care for veterans. It means new roads, new bridges. It means we have moved an agenda to build a better future.

MAGA Republicans want to rip away 50 years of reproductive freedom, screw around with veterans' health care, and stood in the doorway when we lowered prescription drug costs. We're talking about the future.

Democrats are occupying the center of American politics while the Republican candidates have never been more extreme.

Republicans offer thoughts and prayers after massacres of children in schools, year after year, and will do nothing that puts them at odds with the NRA and gun industry lobbyists. 20 babies at Sandy Hook and 19 children at Rodd Elementary. Now, the Supreme Court is stopping states and cities from regulating handguns.

Democrats say enough. The House Democrats passed laws, including safe storage and red flag laws, requiring background checks for ghost guns, and raised the age to purchase assault weapons from 18 to 21, but Republicans would not consider comprehensive background checks or raising the age. With control of Congress and a 52 seat majority in the Senate, we will ban assault weapons, high-capacity magazines, and begin comprehensive background checks. It will allow cities and states to fully regulate guns.

Donald Trump's three Supreme Court justices ended the constitutional right to privacy. That decision set women's rights back by 50 years. It was a blow to women's equality. Abortion will now become illegal in perhaps a majority of states. Most don't allow exceptions for rape or incest. We will see the arrests of doctors and women seeking to end a pregnancy. And now Senator McConnell and former Vice President Pence say they will enact a national ban on abortion.

Democrats will move to restore the right to privacy and women's equality. No more filibuster. They will use their majority in Congress to restore Roe v. Wade rules for having a legal abortion.

The Democrat says, America is a country like no other. I love it. It was founded on the principle that we're all created equal. For hundreds of years we have tried to make it a more perfect union where hard work is rewarded. Blacks faced slavery and segregation, but in each generation, we pass new civil rights laws, reach new milestones, and make progress toward justice. Immigrants arrived from Europe, Latin America, and Asia, and we are blessed to live in a country where each generation of immigrants has worked hard and done better than the last. And now, women have stepped into new roles where their hard work too must be rewarded with greater equality. We are all part of an American story that gives hope for the future.
