39. Which candidate do you agree with more? (ROTATE) AFTER ANSWER, ASK: Would that be strongly agree or just somewhat agree?

- a) The Republican candidate says if Barack Obama is reelected, the next four years will be just like the last four. The middle class is getting crushed. Incomes are down by \$4,300 per family, and health insurance premiums are up by \$2,500. 23 million Americans are still out of work. He said he would cut the deficit in half, but instead he doubled it. Governor Romney has a plan to help the middle class and small businesses, and create 12 million new jobs. We just can't afford four more years of Barack Obama.
- b) The Democratic candidate says we're moving forward but we have much more to do to get jobs back and help the middle class. Governor Romney would take us back to policies that got us in trouble. So, here's my plan for the next four years: make education a national priority; build on our manufacturing boom, give tax breaks to companies that invest here; boost American-made energy; reduce the deficit responsibly AND ask the wealthy to pay a little more. And end the war in Afghanistan so we can do nation-building here at home.
