(SPLIT A - SHORT) Do you support or oppose the tax cut for corporations and individuals passed by the Republicans in Congress and signed by the President at the end of last year?

[729 Respondents, 732 unweighted]

(SPLIT B - LONG) As you may know, the President and Congress passed a major tax cut at the end of last year. The new tax law permanently cuts the corporate tax rate and cuts taxes on individuals through 2025 across all income brackets. It nearly doubles the standard deduction and eliminates deductions for state and local taxes, increases the child tax credit, and lifts taxes on inheritances for multimillionaires.

From what you know, do you support or oppose this new tax cut?

Q.130 This is something that Democratic leaders are saying about the country.

I'm fed up. Our economy and politics are rigged so they work against the hard-working middle class. Corporate lobbyists and billionaires spend unlimited sums to get their way. But people who play by the rules are crushed by the cost of health care, child care, housing and student debt. And what do Republicans propose? More trickle-down tax cuts for the richest. Democrats say we need an economy that ensures better skills, better jobs, better wages and a better future. Let's ban unlimited secret campaign donation, raise taxes on the richest, close corporate loopholes, and reduce the cost of drugs and health care so the middle class grows again.
