| 83 Joe Biden says this country was not built by Wall Street bankers, C.E.O.'s and Hedge Fund Managers. It was built by the great American Middle Class. But the Middle Class is hurting in America today and powerful forces are trying to tear America apart instead of lifting it up. Our political system is broken and Donald Trump is the only president who has decided not to represent the whole country. This president has his base, but we need a president who works for all Americans. | 26 | 15 | 15 | 41 | 3 | 41 | 56 | 15 |

84 (SPLIT C - 1/3 SPLIT) Elizabeth Warren says we must fight for an America that works for everyone, not just the wealthy and the well-connected. The rules of the economy are rigged to benefit the wealthy who use their money to rig our politics. That is corruption, and we need to attack it. That means big change to level the playing field for the middle class. It means we start taxing wealth so we can make big investments that support American jobs and help families and fund universal childcare and health care. She says this will make our economy work for everyone.

At a time when we have three people in this country owning more wealth than the bottom half of America, while 500,000 people are sleeping out on the streets today, it is time for real change. Sanders say health care is a human right and we need to pass a Medicare-for-all, single-payer health care system.
